Subject: Packaging Supplier Evaluation - Q1 2026

We evaluated three packaging suppliers for the upcoming warehouse automation project: BrightPack Supplies, CartonWorks, and EcoWrap Ltd.

BrightPack Supplies offered the strongest combination of unit price, delivery reliability, and recycled-material sourcing. Their quoted annual contract value is \$842,000, with a 10% discount if signed before the end of the quarter.

Recommendation: proceed with BrightPack Supplies.
